VIVEK PADELKAR

Mumbai, India | +91-7666918811 | vivek.padelkar@gmail.com | linkedin.com/in/vivekpadelkar

CAREER SUMMARY

Results-driven Senior NodeJS Engineer with 10+ years of professional experience designing, developing, and leading scalable backend and full-stack applications. Strong expertise in NodeJS, Express.js, ReactJS, PostgreSQL, RESTful APIs, and comprehensive unit testing (Jest, Jasmine). Proven track record of leading development teams (2-3 engineers), providing debugging expertise, driving architectural decisions, and delivering high-quality solutions in Agile/Scrum environments. Experienced with CI/CD pipelines, Git, and AWS cloud platforms.

CORE TECHNICAL SKILLS

Backend: NodeJS, Express.js, RESTful APIs, Microservices, NestJS, Python

Frontend: JavaScript, TypeScript, ReactJS, Angular, HTML5, CSS3

Databases: PostgreSQL (query optimization), MySQL, MongoDB, Redis (caching)

Testing: Jest, Unit Testing, Integration Testing

DevOps & Cloud: Git, CI/CD Pipelines, AWS (EC2, S3, Lambda, RDS), Docker

Leadership: Team Leadership (2-3 engineers), Code Reviews, Advanced Debugging, Solution Design, Technical Mentoring

Tools: Apache SkyWalking, Sentry, Metabase

Low-Code Tools: Appsmith (for rapid application development)

Methodologies: Agile/Scrum, SDLC, Test-Driven Development

PROFESSIONAL EXPERIENCE

Zuno General Insurance, Mumbai

Senior Software Engineer | Oct 2022 - Present

- Architected scalable backend microservices using NodeJS and Express.js with dependency injection and modular design for high-traffic insurance applications
- Led cross-functional team of 3 engineers, conducting code reviews and providing technical mentorship to maintain code quality
- Implemented Redis caching strategies reducing database load by 40% and improving API response times by 30%
- Developed comprehensive Jest testing strategy achieving 85%+ code coverage and reducing post-deployment defects by 40%
- Optimized PostgreSQL queries and indexing strategies, resulting in 45% improvement in system latency
- Integrated Apache SkyWalking and Sentry monitoring, reducing production downtime by 35% through proactive issue detection
- Automated CI/CD pipeline using Git, Jenkins, and AWS services, reducing deployment time by 60%

LearningMate, Mumbai

Technical Lead | Sep 2022 - Oct 2022

- Led backend architecture design and implementation using NodeJS and Express.js, establishing coding standards and best practices
- Optimized PostgreSQL and MySQL database schemas with efficient indexing, reducing query execution time by 30%
- Guided ReactJS frontend integration and mentored junior developers on NodeJS best practices and debugging techniques

Mphasis

Software Engineer | Jul 2021 - Aug 2022

- Developed scalable backend services using NodeJS, Express.js, and TypeScript, implementing RESTful APIs for enterprise applications
- Provided comprehensive UAT and production support, utilizing advanced debugging to reduce system downtime by 20%
- Collaborated with frontend teams on Angular and ReactJS integration, ensuring smooth API integration and optimal performance

Brainvire Infotech Pvt. Ltd, Mumbai

Software Engineer | Mar 2021 - Jun 2021

- Developed backend services using NodeJS and Express.js, implementing business logic and database integration for client projects
- Supported Agile sprint deliveries through effective collaboration and timely defect resolution

TantraSoft Solutions (India) Pvt. Ltd

Software Engineer | Mar 2018 - Mar 2021

- Managed end-to-end development lifecycle for full-stack applications using NodeJS, Express.js, ReactJS, HTML5, CSS3, MongoDB, and MySQL
- Designed backend APIs, ReactJS frontend components, and database schemas ensuring seamless integration and performance
- Developed custom reports and dashboards with data visualization, enhancing client decision-making capabilities

Trackon Courier

Software Developer | Dec 2017 - Mar 2018

- Developed and maintained software applications for courier management operations

Greysoft Solutions PVT. LTD

Trainee VBA Developer | May 2016 - Dec 2017

- Designed user interfaces and conducted code reviews applying best practices in VB.net, VB6, and MSSQL
- Wrote complex SQL queries for data retrieval and manipulation, ensuring optimal database performance

EDUCATION

Bachelor of Science in Information Technology (B.Sc IT)

M.L. Dahanukar College | Graduated: 2015
